

Click-and-Connect

Make it easier for your customers to call you

Whether you are answering questions, closing a sale, or helping resolve a problem, there is just no substitute for actually talking to your customers. Utilizing Jaduka's Click-and-Connect[®] service will allow your customers to start talking to you from any Internet-enabled application, on any phone, anywhere in the world!

The simple click of a web button will drive increased sales and happier customers, as your customer service efficiency is increased through more timely communication. Stop losing potential sales and repeat business -- get Click-and-Connect and better connect your customers with your business TODAY!

Using Click-and-Connect is simple:
